Each year, LifeBridge Health has more than one million patient encounters, with people who have needs ranging from primary care and prevention to complex cardiovascular procedures, delicate neurosurgery and intricate robotic surgeries. LifeBridge Health continues to grow in order to meet the needs of our patients. Since 2015, LifeBridge Health’s total operating revenue has increased by 3.8 percent. As the system expands, LifeBridge Health remains dedicated to improving the health of the individuals and communities we serve through compassionate, high quality care and community outreach programs.

With four hospitals, centers of excellence that provide world-class care close to home, more than 2,600 physicians and 100 neighborhood locations, LifeBridge Health provides access to health services throughout Maryland, as well as remotely through digital technology.

SINAI HOSPITAL

Sinai Hospital of Baltimore was founded in 1866 as a 10-room hospital to answer the needs of Jewish patients and doctors. Today, Sinai continues that spirit of invention and inclusion. The hospital continues to break ground with patient-centered medical care and innovative research.

Sinai’s renowned centers of excellence provide specialized, advanced care by teams of experts. Additionally, the LifeBridge Health BioIncubator at Sinai Hospital gives emerging biotech and health sciences companies lab space and access to leading physicians.

NORTHWEST HOSPITAL

Northwest Hospital, a nonprofit hospital with 231 beds, has served the northwest Baltimore community for more than 50 years. With a patient-friendly design and impressive array of specialties, the hospital provides patient-centered care with an emphasis on quality and safety.

Going beyond the expected, Northwest has recently earned top honors for several innovative safety initiatives. To bring care into the community, Northwest has built nearby facilities that offer convenient services such as outpatient surgery, adult day care and physical rehabilitation.

CARROLL HOSPITAL

Carroll Hospital is the heart of its tight-knit community, proudly serving the region for more than five decades. It has grown from a one-building hospital to a comprehensive patient-centered medical campus. The hospital offers nationally ranked care, the latest in medical technology and skilled clinicians in a variety of specialties.

Carroll continues to expand its programs and services with the upcoming innovative Neonatal Couplet Care program, along with community outreach activities, compassionate hospice services and the construction of a health and rehabilitation care center on campus.

LEVINDALE

Levindale Hebrew Hospital and Nursing Center, founded in 1890, leads the way in complex medical care, including a successful pulmonary and vent weaning program. Additionally, Levindale has a nationally accredited rehabilitation program, three outpatient rehabilitation centers and an acute neuro-cognitive unit with an outpatient program.

Grounded in the Eden Alternative philosophy of person-directed care, Levindale provides a complete continuum of care, incorporating a community-focused nursing center, skilled nursing floor and an adult day services program.
