NECESSARY MEDICAL INFORMATION FOR YOUR VISIT
Please have available for the physician the name, office address, and phone number of your referring physician and/or primary care provider so that we can communicate with him/her. Please bring a written list of all medications (page 10 of this packet) that you currently take, including dose and frequency, or bring the medication bottles—this is important for new and follow-up patients.

If you have had any relevant testing (MRIs EEG, bloodwork, consultations/reports from other providers), please ensure that you bring copies of those reports with you. NOTE: We are not able to copy reports that you bring with you. Please come prepared with copies that you will leave with us.

Do not assume that your primary care physician will send this information.

NO-SHOW POLICY
After patients miss their first and second appointments without letting us know, we write to remind them that our policy is that they must let us know at least 24 hours in advance if they are going to miss their appointments and that if they do not call at least 24 hours in advance, they will be charged a $25 no-show fee.

If patients miss a third appointment without letting us know, we write to advise that we will no longer provide for their care, that we will be dismissing them from our practice, and that we will renew a needed prescription for only a 30-day supply, so that patients have time to find new providers.

MESSAGES/PHONE CALLS
We attempt to return all phone calls within 24 hours. Your call may be returned by one of our physicians or physician assistants.

BILLING QUESTIONS
Before your visit, we check to determine if your insurance is active and to obtain any authorizations that are required. However, it is your responsibility to obtain any referral that may be required by your insurance company and to determine your financial responsibility for your visit, including any amounts that will be charged against your deductible or co-insurance. If you require billing codes to determine your out-of-pocket expenses, we will be happy to provide them. We must receive the request for this information a minimum of 5 business days prior to your appointment.

Following your visit, you will receive two bills, one for the doctor's services and one for the hospital's services. For billing questions about your doctor's bills, please call 410-517-8006. For hospital billing questions relating to any neurodiagnostic tests (EEG, EMG/NCS, or ENG), please call 410-601-6890; or, if you are outside the Baltimore metropolitan area, call toll free at 877-617-1803.

We know that the payment and the insurance process related to your visit may seem confusing. Do not hesitate to ask any staff member for clarification. We are here to ensure that your visit is productive, positive, and comforting.

Our staff is committed to providing quality care and customer service to all of our patients. Your safety and privacy are important to us, and we will do our utmost to safeguard them. If during your visit you have any questions or concerns, please do not hesitate to let us know. If at any time you are not satisfied with the handling or resolution of your concern, you may contact Guest Relations at 410-601-8778.

Thank you for your attention to our policies. We look forward to seeing you and will do our best to provide you with excellent care.
