

ANEURYSM ~ STUDY #1

Title: Neuroform Microdelivery Stent.

Purpose: The Neuroform Microdelivery Stent System is intended for use with embolic coils for the treatment of wide neck, intracranial, saccular aneurysms arising from a parent vessel with a diameter of equal to or greater than 2 mm and equal to or greater than 4.5 mm that are not amenable to treatment with surgical clipping.

Eligibility: Patients 18-80 years of age.

Principal Investigator: [John C. Brunson, M.D.](#)

Phase: Human

ANEURYSM ~ STUDY #2

Title: Humanitarian Use Device: Cordis Enterprise Vascular Reconstruction Device and Delivery System.

Purpose: The device is intended for use with embolic coils for the treatment of wide neck intracranial saccular or fusiform aneurysms arising from the parent vessel of 3-4 mm in diameter.

Eligibility: Patients with cerebral or brain aneurysm

Principal Investigator: [John C. Brunson, M.D.](#)

Phase: Human
