

## Pre-Employment Transition Services for 9<sup>th</sup> or 10<sup>th</sup> Grade Students

This two-hour assessment, provided during after school hours, assists students in establishing a career direction. Through formal and informal tests, activities, discussion and vocational counseling, students can identify their dreams and goals, career options, strengths, needs, interests and learning styles.

### Eligibility Criteria

- Referred and funded by the Division of Rehabilitation Services (DORS)
- A 9<sup>th</sup> or 10<sup>th</sup> grade student

Vocational Services

# PRE-EMPLOYMENT TRANSITION SERVICES FOR 9<sup>TH</sup> OR 10<sup>TH</sup> GRADE STUDENTS

Pre-Employment Transition Services are job exploration services offered to students with disabilities based on high school grade level.

### Assessments may include:

- a. Introduction to Career Options Activity
- b. Identifying Dreams and Goals Activity
- c. Myers-Briggs Personality Test
- d. Talent Search Test
- e. Interest Cluster Activity
- f. Learning Style Activity

Upon completion of the assessment, VSP staff generate a comprehensive report that includes information about the student's interests, both stated and observed, completed vocational research and activities, and recommendations for further exploration in school, during the summer, and upon leaving high school.

A case conference is offered to the student, family, support network, referring counselor and other school personnel to review results and recommendations.
