Levindale's subacute unit offers short-term rehabilitation and skilled nursing services to help patients return to their prior level of functioning after a hospitalization.

Levindale's clinical providers are extensively trained and manage a wide array of patient needs. Our highly skilled and experienced therapists use a variety of techniques and equipment to help patients reach their individualized goals. The multidisciplinary care offered at Levindale, along with the facility's close proximity to Sinai Hospital of Baltimore, ensures that patients can easily access specialists in cardiology, oncology and orthopedics, among other specialties.

Our comprehensive rehabilitation program features:

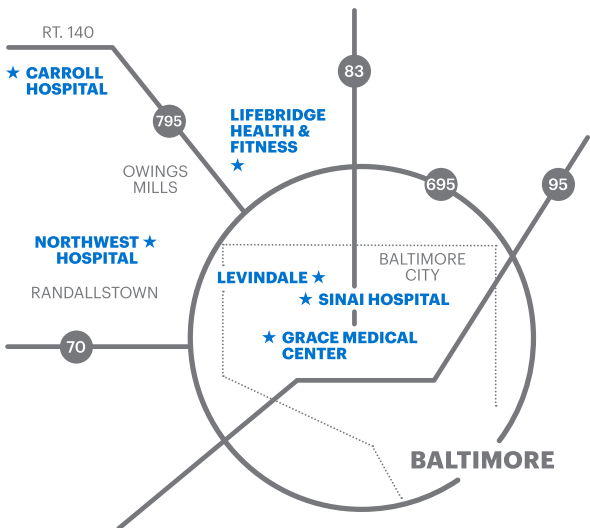

- Coordination of post-discharge care
- Individualized care plans
- Physical, occupational and speech therapies

Our team includes:

- Nurses
- Nutritionists
- Physiatrists
- Post-acute care hospitalists
- Therapeutic recreation assistants

At Levindale, we are dedicated to proactively addressing our patients' rehabilitation needs by beginning discharge planning immediately upon admission. Our team will create an individualized care plan to ensure optimal healing and fully prepare you for the next level of care. We will offer compassionate, expert guidance and consider your family's unique needs in helping you decide on appropriate care options such as assisted living, in-home care with or without help, and/or long-term care.

Directions

From the West From Howard County and points west, head east on I-70 to I-695 East (Baltimore Beltway toward Towson). Take exit 23 to I-83 South (Jones Falls Expressway).
