

When you Support Pink Fling You're Supporting Quality Breast Care in our Community

The Center for Breast Health at Carroll Hospital offers personalized health navigation and a variety of support services to assist with virtually every aspect of diagnosis, treatment, recovery and survivorship during an individual's breast cancer journey.

Pink Fling has raised more than **\$541,000** in 8 years with your support and has funded services including:

Step-by-Step Care Coordination — Over **1,200** touch points per year

Our registered nurse health navigators offer support, education and guidance through virtually every aspect of an individual's care, from diagnosis and treatment to recovery and survivorship.

Free Screenings and Breast Health Education

Complementary Health Services

Massage and acupuncture treatments can relieve pain and stress for cancer survivors during and after care, but these services can be an added financial burden for many. Additional resources help offset the financial impact of these helpful and often life-altering services and make them more accessible.

Embrace Program Support Services

Made possible through generous support, the Embrace Program includes activities for cancer survivors to help them regain their strength—physically, mentally and spiritually—so that they can move on with their lives after treatment ends. By connecting survivors, they also gain a support network beyond the hospital. Many participants in the program have formed lasting friendships through their shared experiences.

“Embrace You” Retreats welcomed more than **150** breast cancer survivors for a time of restorative therapy, reflection and healing.

72 participants have completed the 12-week Embrace Wellness Program

Learn how you can support these vital services. Please contact the Carroll Hospital Foundation Office at carrollfoundation@lifebridgehealth.org or 4-10-871-6200 or visit carrollpinkfling.org
