

HEPATOBLASTOMA

Title: COG AHEP0731: Treatment of Children with All Stages of Hepatoblastoma

Purpose: To show that a risk-based treatment approach will maintain or improve EFS, decrease acute and long-term chemotherapy toxicity, and identify new agents for the treatment of children with Hepatoblastoma.

Eligibility: Subjects must be less than or equal to 21 years of age at the time of diagnosis with any stage of Hepatoblastoma.

Principal Investigator: [Joseph M. Wiley, M.D.](#)

Phase: III
