The Krieger Eye Institute

Annual Ophthalmology Symposium Clinical Challenges in the Diagnosis of Eye Disease Cornea and Retina

> Zamoiski Auditorium - Sinai Hospital 2401 W. Belevedere Ave, Baltimore, Maryland

> > February 21, 2025

Clinical Challenges in Diagnosis and Treatment of Eye Disease:

Cornea and Retina

Learning Objectives

Participants will be able to:

- Formulate differential diagnosis for common eye disorders.
- Recognize signs and symptoms associated with Corneal and Retinal Eye Disease
- Discuss the work up and management of corneal and retinal eye disease.

ABOUT OUR SPEAKERS:

Dr. Ravi Patel, M.D., MBA

Ravi Patel, MD, MBA is a board-certified, fellowship-trained ophthalmologist who specializes in cataract, cornea, and laser refractive surgery. He is a member of the American Society of Cataract and Refractive Surgery, the International Society of Refractive Surgery, the Cornea Society, and the Alpha Omega Alpha Medical Honor Society. He participates in educational activities of trainees and peers locally, nationally as well as internationally.

Dr. Christina Antonopoulos, M.D., FACS

Christina Antonopoulos, MD, FACS is Board Certified by the American Board of Ophthalmology, a fellow of the American College of Surgeons, and an active member of the American Academy of Ophthalmology and the American Society of Retina Specialists. She is the author of several peer-reviewed publications and holds clinical interest in treating diabetic retinopathy, age-related macular degeneration, uveitis and surgical disease of the retina and vitreous.
