Course Objectives
The course is designed to provide a review of implant treatment options for immediate function, with an emphasis on atrophic conditions. A comprehensive review of the surgical and restorative steps to the Teeth in a Day® process will be discussed. Treatment planning and execution of guided implant surgery will be discussed. The application of these procedures for placement of implants in challenging atrophic bone solutions will be demonstrated. A focus on planned strategic implant placement, including implant placement in the zygomatic and pterygoid positions, will be reviewed. The No BoneZ Solution™ using advanced materials, techniques, and concepts will be discussed and demonstrated as a simple, safe, and cost-effective alternative to bone-grafting procedures.

Course Agenda
8:00 A.M.
Registration/ Continental Breakfast

MORNING
Review of Teeth in a Day® and Guided Implant Surgery. Immediate function criteria will be reviewed. Clinical, radiologic, and laboratory protocols will be detailed.

AFTERNOON
Options for treating Atrophic Bone Conditions with implant based restorations will be reviewed. The No BoneZ Solution™ for Treating Severe Atrophy will be described.

Who Should Attend?
General Dentist, specialists and specialty residents will find Dr. Wolfinger’s program to be innovative, informative, and practical. The participants will benefit from the concepts presented by being exposed to an alternative option for treating atrophic conditions.

Faculty
Dr. Wolfinger is a Board Certified Prosthodontist practicing at Prosthodontics Intermedica in Fort Washington, Pennsylvania. He graduated from Tufts University School of Dental Medicine and completed a general Practice Residency at Albert Einstein Medical Center in Philadelphia. Dr. Wolfinger then completed a residency in combined Prosthodontics through the VA/Harvard School of Dental Medicine in Boston. He is a Fellow of the American College of Prosthodontists. Dr. Wolfinger has lectured internationally and has numerous publications in refereed journals.
